

2024 Fall Workshop Agenda

October 28 – 30, 2024

Chateau Lake Louise

AEFAA is once again proud to be hosting the Annual Fall workshop. This year it will be held at the Fairmont Chateau Lake Louise. AEFAA was fortunate to acquire this alternate location after the recent fire at the Jasper Park Lodge, which was originally reserved for the fall workshop.

This year's program will be different from years past as we will not have a professional development session hosted by SAIT. We will focus more on actual building components and the latest trends in school construction. We anticipate this will be a very interactive workshop with engineers and building specialists on hand to answer any questions or help you meet any challenges you are encountering.

Monday October 28

5:00pm – 8:00pm Trade Show
Mount Temple Ballroom

Tuesday October 29
